

# Evidence-based **Student-centred** Meaningful outcomes

## WHO WE ARE

**Berengarra** is a specialist independent secondary school for students in Years 7-12 with social and emotional complexity.

Our school is designed for young people who haven't found success in traditional education and need a place where they can feel safe and reconnect with their learning.

We offer flexible, supportive learning across two campuses:

- 📍 Box Hill Campus: Years 7-10
- 📍 Chadstone Campus: Years 11-12

## WHO WE SUPPORT

Berengarra School may be the right fit for students who:

- Are capable learners with significant emotional or behavioural needs
- Have disengaged from mainstream schools
- Are neurodivergent (e.g. ADHD, autism) and experience anxiety, trauma, depression, or social withdrawal
- Need a calm, smaller environment to rebuild confidence

## HOW WE WORK

Since 1977, we have been removing the barriers that keep students out of education. No uniforms. No homework. A later start. Shorter days. All designed to reduce anxiety, rebuild trust, and re-open the door to learning without lowering expectations. Our specialist teachers prioritise relationships, delivering the curriculum in ways that support wellbeing, confidence, and genuine re-engagement.

## WHAT WE TEACH

**Years 7-10:** Individualised, skill-based learning guided by the Victorian Curriculum, with a focus on literacy, numeracy, SEL and re-engagement.

**Years 11-12:** Students can complete their schooling through the VPC or VCE Vocational Major, with access to on-site VET certificates in Community Services and Retail.

## Do you have a student who may be a good fit for Berengarra School?

### We welcome enrolments year-round

We're always happy to chat, answer questions, or host a visit for schools, parent/carers, or health professionals wanting to learn more. To speak with our Enrolments or Wellbeing Team, please get in touch:
