Statement of Values and School Philosophy

These are outlined on our school website and staff and Family handbooks.

School Philosophy

The philosophy of Berengarra School differentiates it from other like schools and informs and makes clear the strategic direction of the school. This in turn aligns the efforts of leadership, staff and students in order that the school is successful in achieving its aims and is true to its purpose, vision and values.

We believe that success for our students is achieved when they feel a sense of belonging through safe and meaningful relationships in a nurturing and supportive community. From this supportive base, students are best placed to engage fully in their learning, focus on their wellbeing, and develop the skills essential for progression into further education and future employment.

The philosophy of the school provides a benchmark to assess the effectiveness of its programs which are directed toward improving the learning and wellbeing outcomes for students with additional needs in the social/emotional domain.
